Face Masks

We offer Medical Disposable Face Masks - Class 1 Medical Devices.

Our products:

- Bear CE marking to demonstrate compliance with MDD 93/42/EEC Annex I Health & Safety requirements
- Are tested in compliance with EN14683 and meet the given requirements as outlined within table 1.

Table 1 - Performance requirements for medical face masks

Test	Type I	Type IIR
Bacterial Filtration efficiency (BFE), (%)	> 95	>98
Differential pressure (Pa/cm ²)	<40	<60
Splash resistance pressure (kPa)	Not required	>16.0
Mircobial cleanliness (cfu/g)	<30	<30

Type 1 medical face masks should only be used for patients and other persons to reduce the risk of spread of infections particularly in epidemic or pandemic situations. Type 1 masks are not intended for use by healthcare professionals in an operating room or in other medical settings with similar requirements
